Arc

4/15

Kant on the Good Will

What makes a good will good? It isn't what it brings about, its usefulness in achieving some intended end. Rather, good will is good because of how it wills – i.e. it is good in itself. Taken just in itself it is to be valued incomparably more highly than anything that could be brought about by it in the satisfaction of some preference – or, if you like, the sum total of all preferences!

Quiz Slide

Which philosopher died by drinking tea made from poisonous hemlock?

Quiz Slide

Which philosopher died by drinking tea made from poisonous hemlock?

(A) John Locke

Quiz Slide

Which philosopher died by drinking tea made from poisonous hemlock?

- (A) John Locke
- (B) Immanuel Kant

Quiz Slide

Which philosopher died by drinking tea made from poisonous hemlock?

- (A) John Locke
- (B) Immanuel Kant
- (C) Socrates

Quiz Slide

Which philosopher died by drinking tea made from poisonous hemlock?

- (A) John Locke
- (B) Immanuel Kant
- (C) Socrates
- (D) Susan Haack

Quiz Slide

Which philosopher died by drinking tea made from poisonous hemlock?

(C) Socrates

Epicurus' Argument Against the Harmfulness of Death

Premise 1

We do not exist after death.

Epicurus' Argument Against the Harmfulness of Death

Premise 1

We do not exist after death.

Premise 2

If we do not exist after death, then being dead does not harm us.

Epicurus' Argument Against the Harmfulness of Death

Premise 1

We do not exist after death.

Premise 2

If we do not exist after death, then being dead does not harm us.

Conclusion

So, being dead does not harm us.

Korman-Style Argument

(A1)

(A2)

(A3)

Korman-Style Argument

(A1) We do not exist after death.

(A2)

(A3)

Korman-Style Argument

(A1) We do not exist after death.

(A2) If we do not exist after death, then being dead does not harm us.

(A3)

Korman-Style Argument

(A1) We do not exist after death.

(A2) If we do not exist after death, then being dead does not harm us.

(A3) So, being dead does not harm us.
